STARTING YOUR BUSINESS

IN TROUP COUNTY

Troup County is a great place to live, work, and play. Troup County boasts a diverse economy and offers a wide variety of living options. The Board of Commissioners and staff have worked with and listened to the citizens of Troup County, who have said there should be a balance between our agricultural and rural past along with opportunities for growth and success.

Starting your own business is about coming up with a great idea, conducting market research, writing a business plan, securing financing, determining the structure of your business, setting inventory levels, and marketing your business. Starting your own business can feel like a daunting task. Here in Troup County, we are committed to providing exceptional customer service which is why we would like to educate you on steps that should be taken as you begin this journey.

Section 1

Home Occupation Certificate

Many successful businesses such as Microsoft and Apple began in homes. The Home Occupation Business License Certificate offers the ability to operate a start-up business or an established business from a residential property, while still protecting neighborhood property values and the residential character of the community. Permitted and restricted home occupations and/or business operations were created for residential zoning districts to help balance these interests. Some business operations are just not suitable for residential areas. These business types should be located in a commercial and/or industrial zoning district. Also, some businesses may outgrow the provisions of the Home Occupation Business License Certificate. Business owners and operators should plan for future growth and move their business operations to a more appropriately suited commercial and/or industrial area, when that time comes.

HOME OCCUPATION CERTIFICATE APPLICATION CHECKLIST

Troup County cannot enforce private covenants. For information about obtaining a copy of subdivision covenants, please contact your Homeowners' Association or the Deeds & Record's Office of the Clerk of Superior Court located at the Troup County Government Services Center between the hours of 8:00am and 5:00pm, Monday through Friday, except holidays.

ARTICLE B.7. SUPPLEMENTAL USE STANDARDS, Sec. B.7.3. Accessory uses.

(6) Home Occupations.

The purpose of this ordinance is to allow residents to operate home occupations while preserving the residential character of neighborhoods. This ordinance aims to strike a balance between economic opportunities for residents and the need to maintain the integrity of residential districts. Home occupations may be permitted in residentially zoned districts, according to the standards for the zoning district of the proposed location of the business activity. Each residentially zoned district shall have home occupations permitted as listed in the following subsections. Any home occupation not listed in the following subsections must be approved by the Troup County Board of Commissioners after an application for a home occupation is received and the required fees are paid, as posted in the Troup County Community Development Department. The application shall be presented to the Board of Zoning Appeals/Planning Commission for recommendation to the Board of Commissioners for final approval.

- (a) A home occupation may only be approved on a lot or parcel where a house exists or where a building permit has been submitted for the construction of a house that includes a designated space for the proposed home occupation. The building permit must clearly indicate the area within the dwelling that will be used for the home occupation. Home occupations do not run with the land and are specific to the applicant. If a home occupation is discontinued for more than six months, the required business license is not renewed, or the property changes ownership, a new application and approval are required to continue the home occupation.
- (b) A change in residence requires an approved home occupation application for each new location.
- (c) Home Occupation certificates will be evaluated at each business license renewal to ensure that conditions such as the number of employees, acreage, square footage, and equipment or inventory storage remain compliant. It is the responsibility of the owner of the home occupation to notify the Troup County Community Development Department of any changes to the business information, including but not limited to location, expansions, operational modifications, or any other pertinent changes that may affect compliance with the home occupation regulations.
- (d) Home Occupations involving sales must provide a current Georgia Sales Tax certificate prior to a business license being issued.
- (e) Home Occupations conducted in residential units in non-residential zoning districts shall comply with the regulations applicable to that district.
- (f) Home occupations that require storage of equipment, where permitted, shall be in an enclosed structure not visible from the public or private street.
- (g) No home occupation certificate shall be issued in a CRVP.
- (h) It is the sole responsibility of the owner of the home occupation to ensure full compliance with all applicable local, state, and federal regulations, including but not limited to business licensing, taxation, health and safety requirements, and any industry-specific regulations. Failure to comply may result in revocation of the home occupation certificate and/or other enforcement actions as permitted by law.

(g) Upon finding extenuating circumstance regarding a home occupation certificate application, the Community Development Director may require board of commission consideration. In such cases, the application date shall be considered the date of the Community Development Director's review as so dated on the application.
